

ANGULAR 2 FUNDAMENTALS

December 13, 2017

PART 12

PIPES

- Angular provides built in pipes for the following:
 - Uppercase
 - Lowercase
 - json
 - Async
 - Date
 - Percent

IMAGE-DETAIL.COMPONENT.HTML

- Find:

```
<h1>{{selectedImage.title}} </h1>
```

- Change to:

```
<h1>{{selectedImage.title | uppercase}} </h1>
```

- We can even chain pipes together

```
{{ birthday | date | uppercase }}
```

SUMMARY

- Created a server app (laravel)
- Understood what a rest api is
- Enable cors and what it is
- Build api's
- Learn about observables
- Sending request using HttpModule
